Agenda:

Free range play feedback from each school councillor regarding last week's class council meeting

Year 3

We'd like to have more skateboards – These are currently brought in from home, is there a budget to buy some?

Tree house for separate year groups

We'd like a slide because we think it'd be quite fun.

They love the tubes that they can play sensible sword fights with.

Year 6

They wanted supervision at the mud kitchen because people were having mud fights

It's good that siblings can play together.

We'd like a mini zoo with rabbits and chickens; we could clean them out and feed them.

We like the freedom of free range play and we can do things we couldn't do otherwise.

Year 1

We like the pirate ship (in KS2 playground) – is this an issue with the older children?
We'd like a climbing frame, with a slide and a rope you can climb up.
I said that we'd like things for Sofia to use (Miss Greenwood is making a list of things that she might find easier to use)

Year 5

The space hoppers are so popular that there are people fighting each other to get them.
Some children aren't always sensible.
The younger children aren't getting a chance to play on the football pitch.
On the boat and tyre park everybody's crowding on and little children might get hit.

Year 4

People said they like to climb the trees and swing on the branches
I don't think we should have a strict rota for the boat, but we could have a KS1/KS2 day
Lots of people were saying they're glad to be with their brothers and sisters
I think we should have trollies for each size (of waterproof clothing) to make it easier to find the waterproofs.

AOB:

Y6 still don't have waterproofs
The XL size jackets don't fit some children in year 5
In the Y5 area all the trousers were on the floor and people were walking on them.
Lots of the children have returned to their classes either very early or late.
